## Introduction

**Reyansh School is a Private English Medium Co-educational Institute established, owned & managed by Mrs. Sonika Goyal. It caters to all boys & girls of all castes, creed & religions.**

**It was established in 2017th of October. We are proudly to announce that we got our affiliation in year 2019 in the academic session.**

## Διευθυντής Message

Dear Parents,

Greetings! And thank you for showing interest in our institution.

We are all here - as part of the Reyansh School family or as well wishers of the institute because we are all passionate about how we should assist the next generation in their growth and development. We want to harness their creativity and innovative thinking. We all want to make sure that we create good human beings, conscious citizens and smart people. This is always been our long term vision.

At Reyansh School we believe in exposing the children to as much as possible. This is the last heaven for the children to be children. It is a peaceful ambiance where children can efficiently absorb knowledge and assimilate it to result in understanding. The student, teacher and parent community together work towards the goals of making our children courageous, creative and imaginative. They are bold risk takers and problem solvers. They are given enough scope for hands on activities to hone all these skills.

All in all, we come with a very open system of schooling. Students spend almost as much time outside the classroom as they do in it. It adds to the feeling of relaxation and reduces stress, which greatly increases learning. Learning cannot happen in a stressed atmosphere.

At Reyansh School you will find that the student is treated as a work in progress. All activities, instructions and rules are built around the final goal to develop strong characters and personalities.

We have an active research and development team that constantly monitors teaching methods and comes up with more innovative and efficient ways of dealing with education. That makes the whole atmosphere very exciting and charged up-for both, the students and teachers.

Sonika Goyal

Director

## Mission:

Aim is to help a child realize his own unique inborn talents and potential education aims at the flowering of the child's physical, emotional, mental & spiritual personality.

Teachers & Parents must work in tandem for the growth & development of a child. They need to create an environment that builds a child intellectual, emotional & physical well-being. Through the mentors are magicians.

Teachers can weave a magic in child's life, parents are equally responsible for magnifying their growth & development. Working as a team & understanding the importance of teamwork, works wonders for a child future.

Through proper diagnostic program identifies academic strengths & weakness. Together they work to bridge the gap.

## Vision:

To become an esteemed institution while grooming the young minds to give their best & provide them to mature learning environment with teaching & parenting community.

## Aim & Objects:

The aim of the school is to provide the best possible education to its students. It is therefore the main aim of Reyansh School.

Our primary object is to develop in the students qualities of integrity, honest, trust, tolerance & compassion to promote a spirit of enquiry to foster a scientific temper within the bonds of humanism to help the student to become a meaningful part of his environment & to see that courage & industry as their due reward.

The pursuits of excellence encouraged at Reyansh rest on the positive believe that everyman has it in him to produce first class work.

Towards the end the school endeavours to provide a large qualified, experienced & dedicated staff with a wide range of skill & interest, a varied & wide choice of activities, academic & athletic an environment enriched with the excitement of discovery challenges & competitiveness and discipline based on the belief that responsibility comes before freedom.

### Object:

- To increase the literacy & education of the country.
- To upgrade the culture & moral status of the community.
- To grow & develop the children both physically & mentally.
- To bring up the children in such a way that would lead them to happiness & self-reliance.
- To merge the children with the country's main stream development.

### The Learning Environment:

Inside the secure perimeter one can appreciate in full the school settings. We have utilized grounds and enjoy extensively playing fields, adventure play area, an environment & several meeting places.

The classrooms are bright & cheery whilst the walls decorated with inspiring displays of creativity. For the technically minded the school fully equipped with interactive white boards & a dedicated technology area and impressive ICT suit (Information & Communication Technology)

The good practice continues in our classes where we encourage each child to develop a capacity for independent thought & self-expression. We provide a balance of activities designed to stimulate their imagination & nature inquisitiveness something that, in turn, helps to develop their self-confidence & love of learning.

### Olympiad & Competitive Exams:

Students are encouraged to participate in different Olympiad. It helps them to develop a set of skills & improves their aptitude. Regular classes has been planned during school hours with our team move over multiple w/s has been added along with Olympiad books. Practice sheets have been given on weekly basis.

Many of students have reached the level-2 in flying colours.

### Buddy & Remedial Classes:

Buddy tutoring enriches both tutor & tutee.

Those who teach others teach themselves.

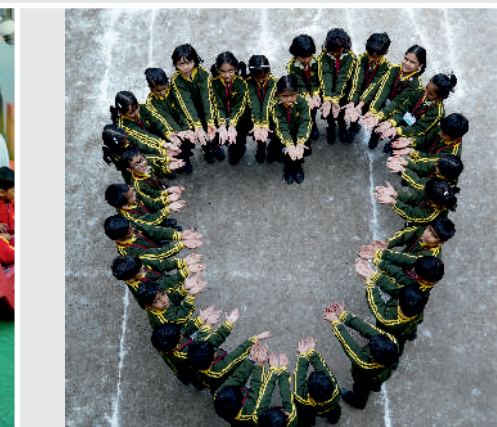

Remedial classes are conducted to bridge the gap between what a child knows & what he is expected to know at the particular age.

### Discipline:

Nurturing begins in Nursery.

Reyansh is one of our greatest assets. We stimulate our kids natural curiosity, nurture (develop) their capacity to learn & enable them to form bonds & to express themselves as individuals.

The nursery offers morning sessions & has its separate, secure and extensive outdoor area.

### Infants & Juniors:

Our two year groups are taught in a variety of setting so that our children benefit from working with both banded & mixed ability groups. We have a long-established tradition of recognizing individual needs and by creating special ability groups, we enable all our children to realize that full potential.

Throughout the stages of our kids education we continue to nurture development. All subjects of the national curriculum are enhanced by cross curricular study, workshops and planned activities.

We coordinate with guardian/parents to ensure a smooth transition to the next stage of our kids education.

Our two groups are taught in a variety of setting so that our kids benefit from working with both banded & mixed groups. We have an established tradition of recognizing individuals & by creating special ability groups, we enable all the kids to realize their full potential.

Throughout the later stages of our children's education we continue to nurture their development.

All subjects of National Curriculum are enhances by cross curriculum study, workshop & planned activities.

### Surveillance:

School campus is under CCTV surveillance 24x7 guard is appointed for movement outside & inside security at both the gates.

ID cards are issued every year as it is valid for one year only.

Dispersal of kids is not done without face identify or telephonic conversation.

School ID is worn by all school staff.

### Facilities:

- Computer Lab
- Transportation
- Smart Class
- Library
- Medium of Instruction
- Online Classes

### Extra Facilities:

- **Education Excursion** – motivation creates interest, therefore every year each student is taken for excursions. Sometimes nearby places like movies, magic shows, museum to develop their thinking skills.
- **Annual Function** – Every year in month of December, the school celebrates its foundation day through cultural program in Auditorium.
- **E-Diary** – Diary update with current work & home assignments are sent regularly of different classes online & offline also.
- **Health & Fitness** – Special campus for kids during the session has been added by different renowned doctors.
- **Abacus Classes** - To improve memory power.
  - Develop analytic thinking & to focus better.
  - Improve concentration power & improve overall performance of child.

### Course of Study:

To acquire a great facility & fluency in study of English, only English should be spoken in the school premises.

Under the system of continuous assessments for English conversation, marks will be allotted to assess the capacity & willingness of each individual student to converse in English. The school will try its very best to teach the student to handle English effectively as a written & spoken.

### The Principal's Message

I extend a very warm welcome with our prospectus, which is designed to give you a realistic sneak peak into the only kids in our REYANSH. The unique brand value at once places Reyansh at the pedagogical convergence of the global and the local as the core values of Leading through Innovation, Pursuing Excellence, Growing by personnel who are handpicked and dexterously trained in the best educational practices world-wide.

The search for a complete schooling experience in KOTA can only lead to REYANSH SCHOOL. A serene sprawling campus minutes away from the urban bustle greets a child at Reyansh, providing a world of perfect balance between work ethos and vivacity of life on the greens, in an eco friendly ambience. Our USPS are an enviable teacher- student ratio and the deft blend of academics, added to the most modern infrastructure props at all levels with sports, physical activity and a selection of performing arts.

We strive to empower our learners with skills required to make sense of the diversities and the potentially confusing complexities of the world they step into.

The division between global & local has become more blurred, at several levels. Our Reyansh Team with its teachers guided technology is equipped to fostertoday's widening intellectual pursuits, blending the interaction with an awareness of phenomena called life out of campus, preparing today's student for tomorrow's world.

Parents engagement forms an integral part of the ethos at REYANSH, and interactions take place on a regular basis with the senior leadership of the school.

I sign off with the conviction that Reyansh School will be preferred destination for aspiring learners & dedicated professionals of the education sector alike.

Warm Regards

Swaran Manchanda

Principal
